EPA-Registered Organic Weed Killer | For agriculture, residential, municipalities, schools, and greenhouse production
A food-grade, non-selective horticultural bio-pesticide for non-selective control of herbaceous broadleaf weeds and grasses which surround food crops, non-food crops, and non-production agricultural, farmstead, right-of-way, and institutional land sites. All natural, nontoxic, biodegradable. Is fast-acting. This product degrades rapidly in the soil. Foliar contact results in rapid desiccation and control of annual weeds, and top growth reduction of herbaceous weeds and grasses. Retreatment may be required for control of established perennial weeds and may be applied up to and including day of harvest. EPA registered for use in organic agriculture. Patent-pending

Organic Insecticide/Fungicide/Miticide PURPLE | For Agricultural and Garden Use
100% pure. Certified Insecticidal soap with certified organic cinnamon oil, and certified organic soybean oil. Controls mealy bugs, ants, orchid pests, horticultural fungus, snap dragon rust, geranium rust, thrips, aphids, spider mites, whiteflies, scale, leafhoppers, earwigs, and more. Prevents fungi spores and powdery mildew. Spray at dusk for best results. Use twice monthly for regular care and feeding, Concentrate/ USDA/NOP Certified Organic. Patent-pending.

Organic Insecticide/Fungicide/Miticide ORANGE | For Agricultural and Garden Use
Certified insecticidal soap with certified peppermint oil and certified soybean oil. Organic oils prevent fungal spores from traveling and maturing to disease. Treats powdery mildew, horticultural fungus, and garden insects, and controls adult Japanese beetles, thrips, aphids, spider mites, whiteflies, and scales. For best results, spray at dusk. Use weekly. Concentrate/ USDA/NOP Certified Organic . Patent-pending.

Organic Spray Oil | For Agricultural & Garden Use
Certified organic Soybean oil and certified organic soap. This Summer/Winter oil is for use on fruit trees, nut trees, berries, vines, shrubs, and woody ornamentals, horticultural fungus, and evergreens. Controls powdery mildew, scale, pear psylla, mites, aphids, whiteflies, mealybugs, lace bugs, leafhoppers, eggs, larve of some caterpillars, thrips, and more. Use weekly. Can be used as a dormant oil. Concentrate, USDA/NOP Certified Organic. Patent-pending.

Organic Fungicide | Agricultural Use & Greenhouse Production
Made with certified organic soybean oil. Treats and prevents powdery mildew, control rusts, blackspot, horticulture fungus, mildews, molds, and more. For best results, spray at dusk. Concentrate, USDA/NOP Certified Organic. Patent-pending.

Organic Fish Fertilizer
100% pure; made with pure fish oils, foliar fish fertilizer, and potassium bicarbonate to feed and treat roses, flowers, veggies, berries, and garden fungus. Aids in the control of blackspot, powdery mildew, rust, and more. Not in bear Country. Use freely until harvest. Safe for edibles. Concentrate. Patent-pending
